

MCE Participates In Department of Public Safety and Correctional Services Media Days

Maryland Correctional Enterprises was invited to take part in two media days this summer hosted by the Department of Public Safety and Correctional Services. On July 14th, Secretary Moyer hosted local news outlets, state delegates and members of his administrative staff for a tour of Patuxent Institution in Jessup. One of the highlights of the tour was the tour of the MCE #111 Sign Plant. Mike Giuffre, Regional Manager, and Charles Behnke, Plant Manager, welcomed the group for a fist hand look at the many products the shop has to offer. The main attractions were the two vehicle wraps in production for the RTA and Maryland Natural Resources Police.

MCE received another opportunity to showcase its work during the tour of Eastern Correctional Institution on August 11th. Plant Manager Dan McGarity led the group through Furniture Restoration Plant #106 to showcase the fine work MCE does. One visiting delegate was excited to find her office furniture being refinished during the tour! Both groups left that day with a better understanding and appreciation of Maryland Correctional Enterprises.
